

GENERAL PRACTICE PROFILE

SLBiggs, a Division of SingerLewak is one of the leading professional services firms providing accounting, tax, financial management, and advisory services in the specialized areas of insolvency, litigation support, forensic accounting, probate accounting, fiduciary services, valuation, and business operations management.

The SLBiggs division provides a spectrum of specialized consulting and accounting services outside SingerLewak's traditional A & A and tax practices. As a niche practice within a large firm, we are able to provide the skills needed for engagements requiring unique expertise experience and training in these highly specialized areas.

The firm has served trustees, attorneys, government agencies, financial institutions, debtors and others for over 40 years, providing the substantive and impactful results that have bolstered our reputation as prominent experts in these specialized fields. The unparalleled breadth of knowledge and experience of our professionals is born in the trenches of handling thousands of bankruptcy, litigation, and forensic accounting cases, each unique in complexity, challenges, and players, with many of them being amongst the largest, most involved cases in the country.

Beyond these specialized services, this combined depth of knowledge and experience allows us to provide unique capabilities to business owners to assist them in developing the financial and operational management tools and reporting systems necessary to effectively grow and manage their companies.
