

A Division of SingerLewak

SLBiggs, A Division of SingerLewak is one of the leading Southern California professional services firms providing accounting, tax, financial management, and advisory services in the specialized areas of insolvency, litigation support, forensic accounting, fiduciary and business operations management.

The firm has served trustees, attorneys, government agencies, financial institutions, debtors and others for over 30 years, providing the substantive and impactful results that have bolstered our reputation as prominent experts in this specialized field. As a niche practice within a large firm, we are able to bring the highly responsive, industry-specific expertise that our clients expect and deserve, with the depth of talent and resources required to handle major, complex cases.

The unparalleled breadth of knowledge and experience of our professionals is born in the trenches of handling thousands of bankruptcy, litigation and forensic account-

ing cases, each unique in complexity, challenges, and players, with many of them being among the largest, most involved cases in the country.

Beyond these specialized services, this combined depth of knowledge and experience allows us to provide unique capabilities to business owners to assist them in developing the financial and operational management tools and reporting systems necessary to effectively grow and manage their companies.

Partner and staff backgrounds include appointments as bankruptcy trustee for the Central District of California and receiver in both federal and state courts, expert witness testimony in Federal and California Superior Courts, national and international forensic investigations and valuations of closely held corporations, partnerships and limited liability companies.
