# Franchise Audit, Tax & Financial Management

For over 30 years, SingerLewak has advised and assisted domestic and international Franchises, having direct understanding of the needs, challenges and unique requirements within the industry from many points of view. We work closely with franchisors and franchisees to build trust and alignment to ensure not only accurate reporting, but to handle any related tax matters or business services you need to grow your franchise system. At SingerLewak, we provide customizable options: comprehensive bundled services or individual solutions designed to fit your business and grow with you.
